# **NANDI COUNTY** Family planning budget analysis 2021/22

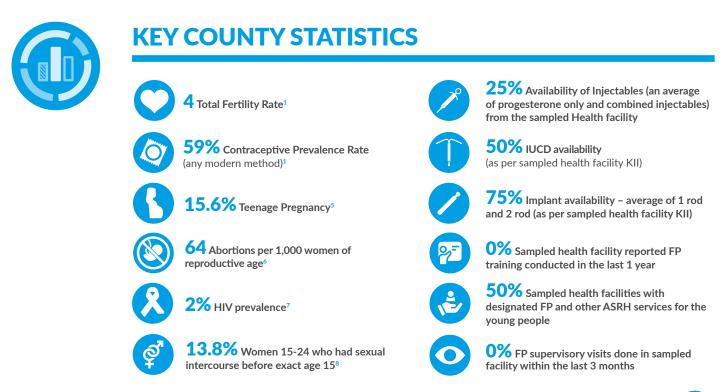

### **FAMILY PLANNING BUDGET ESTIMATE**

The budget analysis conducted in November 2021 shows the **County Government of Nandi does not have a budget line for family planning** for FY 2021/22. However, indirect family planning allocation\* by the County Government of Nandi was estimated for the period 2018/19 to 2021/22 as follows:

To arrive at these estimates, our study examined the following documents: Budget Policy Statement (BPS), Programme Budget Estimates, County Implementation Reports, Budget Review and Outlook Papers, sector budget documents from the MoH<sup>1</sup>, RHMSU<sup>2</sup>, KNH<sup>3</sup> and MTRH<sup>4</sup>.

\* Indirect allocation for family planning by County Governments was estimated per county based on workload statistics from the District Health Information System (DHIS) and subjected to county allocation to health. For FY 2021/22, the service utilisation statistics were unavailable and thus the rates used were recorded based on the average change between the preceding period. Then the weights were used to derive possible allocations for family planning.
